

Dear Friends,

Just a quick note to let you know that the Lord took our staff member Loren Harrison home to be with him late Wednesday night. His wife and family are confident in their faith that God does all things well and are trusting Him for all they need during this very difficult time. Their response to this tremendous loss in their lives, as recorded on their Caring Bridge (website), has been such an encouragement to all of us here who are also grieving. They will be having a funeral in Minnesota on Saturday and we will be having a memorial service here on Sunday afternoon. Loren and Vicki were sponsors for the senior class who just graduated, they have been dorm parents, and in the last years Loren has served as one of the nurses in our student health center on campus. They have been very involved with the students, loving and supporting them in many different ways. So we are rejoicing for Loren but grieving with his family.

Thank you for your prayers and e-mails,

With love,

LeAnn & Tim
